

Discount Prescription Card Highlights

- **Free For Everyone.** Your entire family is eligible to get pharmacy discounts through this program. The program can be used to save you money with most health insurance plans to help them save on their out of network prescription purchases **including Health Savings Accounts (HSA) and High Deductible Plans even with Medicare Part D if your benefits have been exhausted and the medication is no longer covered**
-
- **No Restrictions.** Because this is not insurance. There are no registration forms, no age or income requirements, no waiting periods, no eligibility required, no exclusions, includes pre-existing conditions, no paperwork and no annual or lifetime limits.
- **Lowest Price.** You can save 10% to 85% on your medications (average savings are roughly 41%!) Average 15% on Brand Name Drugs and average 55% on Generic Brands.
- **Medications.** The program includes discounts on brand and generic medications, open formulary so that all medications are eligible for discounts.
- **Accepted Nationwide.** The Discount Prescription Card is pre-activated and accepted at over 60,000 pharmacies around the country including most major chains such as Walgreens, Walmart and CVS plus many local pharmacies.

- **Confidential.** No personal information is required to get a card. No personal information is collected on processed prescriptions.

Frequently Asked Questions

How Does This Prescription Drug Savings Program Work?

We are partnered with companies that negotiate discounts directly with the pharmacies on over 20,000 name brand and generic drugs. These discounts are then passed directly on to our cardholders.

Who Is Eligible To Participate In The Free Discount Prescription

Card Program?

Membership in the Free Discount Prescription Card has no requirements. Unlike insurance programs, there is no income, age, pre-existing condition, deductible, or waiting period restrictions. The program is designed to help patients nationwide who do not have prescription drug coverage or who have coverage but are subject to large deductibles, in a HSA Program, large co-pays, formulary limitations, dosing limitations, gaps, and/or any cash out-of-pocket expenses. You can even save on prescriptions for your pets.

How Much Does the Discount Prescription Card Cost?

It is absolutely **FREE**. We provide this service to any and all United States residents that wish to save on their prescription prices. There are no fees associated with this program whatsoever. Plus, you receive one additional free card that you can give away to your parents, grandparents, aunt / uncle or neighbor.

Which Prescription Drugs Do They Include?

All FDA approved brand name and generic prescription medications. Use our medication pricing tool to search for your prescription.

www.rxpricequotes.com

What Is The Typical Savings Amount?

For the year 2012 the average savings was 41% off retail pricing for brand and generic drug prescriptions. (Approximately 15% savings on brand name drugs and approximately 55% on generic drug s.)

You can also save 10% - 80% on **Lab Test** and 50% - 75% off usual charges for **MRI, Mammograms and CT Scans**. Save \$35.00 on Newport Audiology hearing aid prices.

(Lab benefits are not available in MA,MD,ND,NE,NJ,NY,RI or SD)

How Do I Use the card?

- 1. Select a pharmacy:** It is valid at over 60,000 network pharmacy locations nationwide. In most cases, your current pharmacy will be part of our network.
- 2. Submit your prescription:** Present your prescription to the pharmacist. If you need to transfer a prescription, bring your empty prescription bottle or label with you to the pharmacy.

- 3. Present Your Card:** Your card's unique code provides the pharmacist with the appropriately discounted prescription price. The price on the prescription is based on the pharmacy's contracted agreement with our partners.
- 4. You Save:** Your savings will be clear once the pharmacist enters your filled prescription into the register / computer. Saving 10% - 85%

Which Pharmacies Can I Go To?

We have a constantly expanding list of over 60,000 participating major chain pharmacies and local pharmacies nationwide. Use the Locate Providers link to see if your pharmacy is in our network. We have also provided a list of participating pharmacies. www.rxpricequotes.com

Can I Check A Specific Prescription's Price Before Purchasing?
