

# **Umbrella – Personal Catastrophe and Liability Coverage**

A personal umbrella policy provides an extra layer of liability protection. It provides an additional \$1 million coverage (up to \$5 million available) for you and your eligible family members against lawsuits arising from personal injury or property damage claims.

An umbrella policy comes with these very handy features:

- Protection for the actions of covered family members over and above your auto and homeowners' policies.
- Extra protection if a covered driver causes an accident and is liable for injury to others or property damage.
- Extra protection if someone is hurt on your property.
- Covers family members, worldwide, for actions that may cause injury to others or property damage. (Isn't it nice to know we'll follow you anywhere?)
- Award winning claims service that ensures you will be contacted promptly after reporting a loss. (Really, why should you have to wait?)
