

RhÉTEL

March 20, 2015

To Whom It May Concern:

Drexel Mixson and Drexel & Associates have proven to be an invaluable asset to our business plan. Working with them has allowed us to realize significant financial savings that we have been able to redirect within our company.

Drexel's industry expertise and relationships enable him to find an insurance solution that is tailored to our specific needs, allowing us to eliminate unnecessary costs in that area. Drexel's efforts saved 22% on our liability/workers comp insurance and 8% on our health insurance. His assistance in getting us set up with Starmark for health insurance not only resulted in an \$11,000 rebate but also allowed for a smooth transition in a normally complicated healthcare insurance industry.

We at Rhema Telecom, Inc. can highly recommend Drexel & Associates for all your insurance needs.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Barry Bynum', with a stylized flourish extending to the right.

Barry Bynum
President, Rhema Telecom, Inc.
