

Dear Sir

Oct. 12, - 18

I have a few things that we wanted you to know, about us here. We have for so many years a Dad across the road from us here, her name is Delila Eicher. And her name is on our Bank acct. She does so much of our business on the phone and ect.

We also have a handicap son named Jacob age 45. He gets seizures and is very under privileged, and he can't drive a horse. His Parents (Mrs. Jerome + Mary) have Power of Attorney over Jacob. Now his sis Delila has helped us with Jacob's business since he was 12 yr old. Jacob & Delila get along very good. She does mending and washing his clothes.

At this time or since the Party car, we've been trying to get some hearing Aids. Medicaid Card won't pay for his, or will not pay for his Hearing Aids. I think maybe you could help us. Our Dad Delila will probably call you.

Thank for your visit Sincerely

we appreciated your visit. Jerome & Mary.
. Stop in any time.
